DEPARTMENT OF COLORADO. The Woman's Relief Corps of Colorado is in a very flourishing condition. Its growth is steady and gradual, and the interest in its object and aims was never greater than at the present time. Many Post Commanders are asking for instructions with a view to having auxiliaries, where formerly the utmost indifference prevailed.

Our new National Aid, Mrs. Olive Hogle, has just instituted a very flourishing Corps of 22 mem-

bers at Idaho Springs. Our Department President, Mrs. Mary Jewett Telford, has visited the Corps throughout the State very faithfully during the pastyear, although some of them are located hundreds of miles from Department headquarters. On one trip of a few days the President traveled more than 1,000 miles.
